CAFÉ IMPACT

Fall 2023

LPSS leadership adopted the CAFÉ model to establish partnerships between our schools and the community to enhance social and academic achievement in literacy, truancy, and staff retention. CAFÉ Teams work together to foster community-wide listening, learning, sharing, planning, and achievement to build strong futures. This newsletter provides a recap of the Fall semester, including events and volunteering hours, and updates from the Love Our Schools CAFÉ program.
